Text sample 12 point

To best exhibit the properties of a typeface,
construct a sentence that includes all
26 letters of the alphabet (known as a
pangram); the ultimate example of which
is achieved using each letter just once,
typically resulting in quite a bizarre sentence.
The preceding sentence is a pangram, and
unusually makes perfect sense, but it's very
long at 253 characters.

Text sample 9 point

To best exhibit the properties of a typeface, construct a
sentence that includes all 26 letters of the alphabet (known
as a pangram); the ultimate example of which is achieved
using each letter just once, typically resulting in quite a
bizarre sentence. The preceding sentence is a pangram,
and unusually makes perfect sense, but it's very long at
