## Specimen sheets

A large, bold, white uppercase letter 'K' is displayed on a dark background. The letter is composed of three main strokes: a vertical stem on the left, a diagonal stroke extending from the top of the stem to the right, and another diagonal stroke extending from the junction of the first two down to the right. The letter is centered horizontally in the lower half of the page.

To best exhibit the properties of a typeface, construct a sentence that includes all 26 letters of the alphabet (known as a pangram); the ultimate example of which is achieved using each letter just once, typically resulting in quite a bizarre sentence. The preceding sentence is a pangram, and unusually makes perfect sense, but it's very long at 253 characters.
